the causes of the uncertainty of expert testimony and scores of the professional expert, him who sells his oath for hire, and also the "bull-dozing lawyer."

He said the discrepancy which sometimes allowed expert testimony was due to the faults of the system not in vogue, and as to doctors and lawyers, he recommended as a remedy in part, the doing away with the professional expert, the modification of the rules governing hypothetical questions, the requirement of a consultation of opposing counsel and experts before the trial of a case, the necessity of having the medical expert examine the case in hand for a fee before agreeing to go on the stand and finally urged the old-time respect for the medical expert of to-day.

He deprecated a State commission of experts or of appointment by the Governor or Judges. He closed with a tribute to the professions of law and medicine in their search after the truth.

It was a long weary past midnight when the last speaker had concluded and the banqueters left the board. A large number of the members of the Association will leave for their homes to-day as they could not obtain rooms for a longer time, owing to the arrival of members of the American Bar Association, which convenes here Tuesday.

THE AMERICAN ASSOCIATION.

A hundred or more members of the association are already here. Twenty-five members of the Virginia Association whose names are given above, form a hospitality committee, which will have charge of the reception, which will be rendered the national body by the Virginians Wednesday afternoon. Hon. C. B. Braxton, Governor of Georgia, will deliver an address on that occasion.

Governor Montague and Mrs. Montague, Senator Daniel, Senator Martin and Mrs. Martin and Miss Day, Lieutenant-Governor Echols, Representatives Jones and Mrs. Jones of Staunton, E. Caldwell, Senator Schrevel, of Southampton, and Mr. Cummings, the latter among the most attractive of those who have called the legal ladies attending the convention, are some of those who will remain until the end of the week.

The attractions of this place lay strong hold on a man. The cool breezes, the blue sky, the golden lake, the magnificent mountains, the drives along winding mountain roads to nearby resorts, are all so attractive one finds it hard to leave.

TALLY-HO PARTY.

A tally-ho party to Flag Rock to-day consisted of the Misses Williams, of Orange; Miss Eugenia Moore, of Chicago; Miss Kilby, of Suffolk, Mrs. John Hunter, of Richmond; C. P. Cowardin, Senator of Richmond, of Southampton; Henry C. Riley, of Richmond; C. P. Cowardin, of Alexandria, and Mr. Walker, of Orange. Ex-Lieutenant-Governor Echols says he is going to Canada in a short while to hunt moose, but he will linger here for a time in hopes that his hay fever will disappear.

Several friends have asked to be allowed to eat the horns of all the moose he could at once.

Just at present he is engaged in telling friends how Marshall McCormick gave the waiter at luncheon yesterday a ten-dollar gold piece in mistake for a quarter. The negro was made to give up the gold and take the silver piece.

A photographer came over from the White Sulphur to-day and photographed the members of the association and many ladies.

At the request of a number of lawyers arrangements were made to have the play produced in the Sunday Times-Dispatch.

Market Committee Asks City Attorney to Enforce Contract.

Chairman Peters, of the Markets Committee, succeeded last night in getting a quorum of that committee together, and the business which he desired them to do was transacted.

The City Attorney was requested to look into the matter of improvement bonds to the Second Market, the contract for the completion of which was let some time ago, and which expired on August 10th, and to see that the contract was carried out at once.

The committee claims that several hundred dollars are being lost to the city by the failure of the contractor to be fulfilled, as the scheme of improvement provides for the erection of a large number of additional stalls, from which the city would derive a rental.

Those present were Messrs. Peters, Allen, Huber, Burton, Whalen, Zimmermann and Donahoe.

COMMITTEE OF TEN

Pickett Camp to Send Representatives to Chesterfield.

At a meeting of Pickett Camp last night, Commander P. E. Winston asked for a volunteer committee of ten to go to Chesterfield Courthouse on September 2 to attend the travelling exercises of the Confederate monument. This committee will be announced later.

Reports from committees appointed to direct resolutions of respect on the death of Comrades P. J. Crew and R. T. Bridges were received.

Although the night was warm the attendance was encouraging. It was determined that on the second meeting night in September a programme of music would be presented under the direction of Comrade Valentine, and it was announced that Comrade Francis would, upon that occasion, sing a comic song.

CASINO PACKED

A Great Hit Made Last Night by a Very Strong Bill.

The Casino was packed to the doors last evening, the attraction being the New York Boys' Symphony Orchestra, and a strong vaudeville bill. The advance collection of seats was the largest in the history of the Casino, and the programme was one of the best presented in the city. The play of the boys of the several numbers elicited storms of applause. The musical selections were of two parts, being sung and danced between the vaudeville numbers. The following is the programme of the boys' orchestra:
a) March, The Rising Generation (new), Pinto.
b) Overture, Raymond, Thomas.
c) Intermzzo (from Cavalleria rusticana), Macagnoli.
d) Hawaiiata, Moret.
e) March, from King Do Do, Lind.
f) Overture, Ungar, Kolor-Bado.
g) Violin Solo Concerto, De Beriot.
h) Master Nicholas Garagasi.
i) March, American Boy (new), Pinto.
The vaudeville bill was unusually attractive, opening with James Richmond Glenroy, the "Man with the Green Beard," in monologue; Lavino & Leonard, in "Automobile Up-to-Date"; Arthur Buckner in a series of bicycle feats, which kept the audiences in constant expectation of witnessing a broken head; Leighton & Leighton, in singing and dancing and a new version of baseball, Ford and West, singing and a act, "The Young Politician."
The bill will run for Tuesday and Wednesday, with matinee each day. The prices for the engagement will slightly advanced; Night, the entire lower floor, 50 cents; matinees, 15 and 25 cents.

MUSTER ROLLS OF VIRGINIA TROOPS

The Governor Sends a Letter to Commanders of Various Camps.

Governor Montague, in his official capacity, has gone systematically to work in the effort to collect and compile the muster rolls of the Virginia troops engaged in the war between the States. At the suggestion of the Secretary of War of the United States, and in order to collect and publish in the Congressional Record the Governor is sending out this letter to the commanders of the various Confederate veteran camps throughout the State:
The Secretary of War has requested my co-operation in the publication of the muster rolls of the Virginia Confederate soldiers and soldiers, in conformity with the act passed by the recent Congress. And in the absence of an appropriation to compensate a representative of the State acting in the preparation of such rolls, I beg to ask that you will supply me with all official muster rolls, memoranda or data which your camp or any member may possess or obtain pertaining to the perfection of such publication. Any paper transmitted to me will be carefully guarded and returned after perusal. It has been made the necessity of the preservation of the names of the Virginia soldiers participating in the great struggle between the States, and I anticipate immediate and patriotic co-operation on the part of your camp, to whom I have written under the sanction of I Grand Commander MacCall. I may also add that I will be pleased to have any suggestions of your camp as to the method by which I can most efficiently consummate this desirable undertaking. In addition to this the Governor has agreed to be sent out to the clerks of the courts of the various counties and cities of the Commonwealth the following letter, having the same object in view:
In furtherance of an act of Congress and the rules of the War Department, made in conformity therewith, respecting the publication of the muster rolls of the officers and soldiers of the Confederate army by the United States Government, and my object purpose to co-operate in such publication, I beg to ask that you will supply me with a copy of the list or roster of Confederate soldiers which may be on record in your office. In pursuance of the act of the General Assembly of January 25, 1898, and February 9, 1898, I am persuaded that you appreciate the importance of the desired information, and that I can rely upon your patriotic assistance.
It is hoped that these letters may result in accomplishing an end much to be desired not only by the Secretary of War, but by every Confederate soldier in the State and in the country. With these recollections, the history of the war, the great clash of arms of modern or ancient times, will be truthfully recorded and perpetuated for the benefit of posterity.

WILL GO TO THE COLLEGE

Rev. Mr. Bennett to Take Up Work There.

THE PRESIDING ELDERSHIP

Both Will Have to Change Here—Much Interest in Coming Conference.

Number of Changes Here.

The Rev. Richard H. Bennett, presiding elder of the Richmond District, has accepted the professorship recently extended to him by Randolph-Macon College.

The action of Mr. Bennett in consenting to go to the college is based upon the condition that he shall continue in his present work until the meeting of the Virginia Conference in November. Between the time college opens and the session of the Conference, he will be both teacher and presiding elder. After Conference, he will devote his whole time to the college. He will occupy the chair of Moral Philosophy and Biblical Literature, at one time filled by the late W. E. Edwards, D. D.

PRESIDING ELDERSHIP.

The removal of Mr. Bennett from the presiding eldership of Richmond District creates a vacancy, and there is considerable discussion. The question of whom will fill the plum, always eagerly coveted is one of no little interest and importance to the ministers. Several names are being mentioned but the rumors are not yet as definite as they might be. No positive states of presiding elders has as yet been made up.

Among the ministers mentioned as of who few to be elevated to the dignity of presiding eldership are two from this city. They are the Rev. J. B. Bell, pastor of Clay-Street Methodist Church, of this city, who will have to move this year, and the Rev. H. E. Johnson, D. D., pastor of Laurel-Street, also of this city. One of these well-known ministers would fill the position acceptably.

Interest in this question is further accentuated by the possibility of a redistribution of the Conference. Bishop Hendrix will preside this year and it is believed that he will consent to the restoration of the old Farmville District. This will make eleven districts instead of ten as at present and will mean another presiding elder. It will mean also a redistributing of the Conference to make a larger number of presiding charges may be withdrawn from the present districts to make up the necessary thirty appointments for the Farmville. The country people particularly are anxious for this change. They say that the districts are too large now that the presiding elders have to hurry to cover them all in time. To make an additional district, thereby reducing the size of the others, would allow the presiding elders more time to carry while at the country churches, as is much desired by them.

THE CHANGES.

As the time for the meeting of Conference draws near the usual rumors float in the air. Gossip is beginning to float in the air. Every day by day. Keen interest is taken in every development. It is evident that there will be a very considerable shaking up of the Conference this year. A number of changes will have to be made and a number of new ones.

The Conference will be one of exceptional importance to Richmond. Both presiding elders will move—a very unusual thing to happen at the same time. Mr. Bennett is going to Randolph-Macon and Dr. Johnson to Farmville. Besides this the Rev. V. R. Beauchamp will have to leave Broad-Street, the Rev. John T. Bosman will have to leave Park-Place, the Rev. R. H. Maxey will have to leave Trinity Street, and the Rev. R. M. Maxey will have to leave Asbury.

There will be twenty-eight necessary changes throughout the Conference at Farmville and Richmond. Among the changes outside of Richmond are the following: Rev. Dr. J. D. Hank, presiding elder; Rev. Dr. R. T. Wilson, presiding elder; Rev. Dr. J. C. Young, Court-Street, Lynchburg; Rev. McV. Simpson, the Main-Street, Danville; Rev. E. H. Rawlings, of Monumental, Portsmouth; Rev. W. R. Proctor, McKendree and Norfolk, and other places. These changes will necessarily force a number of changes here.

THE STATES.

Some progress has been made in the direction of states which the bishop like to see will not promptly spring as soon as expected.

Dr. Tudor is scheduled for Court-Street, Lynchburg; and Dr. Young, for Main-Street, Danville. The Rev. J. B. Betty is to be made a presiding elder; Dr. Johnson, for Court-Street, Portsmouth, and Mr. Spooner or Mr. Bosman to Monumental, Portsmouth. The Rev. W. R. Proctor is mentioned for Clay-Street, this city; the Rev. E. H. Rawlings, for Trinity or Park-Place, and the Rev. George Wesley Jones for Asbury or Highland Park. The Rev. R. M. Maxey is mentioned for McKendree in Norfolk.
